## Product Datasheet

### **Anti-CAPON/NOS1AP Antibody Picoband Biotin Conjugated, Rabbit, Polyclonal** **BOB-A03060-3-BIOTIN**

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-CAPON/NOS1AP Antibody Picoband Biotin Conjugated, Rabbit, Polyclonal                                   |
| Artikelnummer            | BOB-A03060-3-BIOTIN                                                                                         |
| Hersteller Artikelnummer | A03060-3-Biotin                                                                                             |
| Alternativnummer         | BOB-A03060-3-BIOTIN-100UG                                                                                   |
| Hersteller               | Boster Bio                                                                                                  |
| Wirt                     | Rabbit                                                                                                      |
| Kategorie                | Antikörper                                                                                                  |
| Applikation              | ELISA, IHC, WB                                                                                              |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                           |
| Immunogen                | E.coli-derived human CAPON/NOS1AP recombinant protein (Position: D24-D438).                                 |
| Klonalität               | Polyclonal                                                                                                  |
| NCBI                     | <a href="#">9722</a>                                                                                        |
| UniProt                  | <a href="#">O75052</a>                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |
| Reinheit                 | Immunogen affinity purified.                                                                                |

|                        |                                                                                                                                                                                                                                       |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                                                                                                                                                                                |
| Target-Kategorie       | Carboxyl-terminal PDZ ligand of neuronal nitric oxide synthase protein                                                                                                                                                                |
| Application Verdünnung | Western blot, Optimal dilutions should be determined by end users. Immunohistochemistry (Paraffin-embedded Section), Optimal dilutions should be determined by end users. ELISA, Optimal dilutions should be determined by end users. |
