## Product Datasheet

### **Anti-DR3/Tnfrsf25 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal** **BOB-A03227-3-FLUORO488**

|                          |                                                                                                             |
|--------------------------|-------------------------------------------------------------------------------------------------------------|
| Artikelname              | Anti-DR3/Tnfrsf25 Antibody Picoband Fluoro488 Conjugated, Rabbit, Polyclonal                                |
| Artikelnummer            | BOB-A03227-3-FLUORO488                                                                                      |
| Hersteller Artikelnummer | A03227-3-Fluoro488                                                                                          |
| Alternativnummer         | BOB-A03227-3-FLUORO488-100UG                                                                                |
| Hersteller               | Boster Bio                                                                                                  |
| Wirt                     | Rabbit                                                                                                      |
| Kategorie                | Antikörper                                                                                                  |
| Applikation              | FC                                                                                                          |
| Spezies Reaktivität      | Mouse, Rat                                                                                                  |
| Immunogen                | E.coli-derived rat DR3/Tnfrsf25 recombinant protein (Position: E43-E393).                                   |
| Klonalität               | Polyclonal                                                                                                  |
| Molekulargewicht         | Calculated Molecular Weight: 37836 MW                                                                       |
| NCBI                     | <a href="#">500592</a>                                                                                      |
| UniProt                  | <a href="#">D4ADP7</a>                                                                                      |
| Puffer                   | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> . |

|                        |                                                                      |
|------------------------|----------------------------------------------------------------------|
| Reinheit               | Immunogen affinity purified.                                         |
| Formulierung           | Liquid                                                               |
| Target-Kategorie       | TNF receptor superfamily member 25                                   |
| Application Verdünnung | Flow Cytometry, Optimal dilutions should be determined by end users. |
