| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, FC, ICC, IF, IHC, WB                                                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                | E.coli-derived human SART1 recombinant protein (Position: K125-K800).                                                                                                                                                                                        |
| Produktbeschreibung      | Boster Bio Anti-SART1 Antibody Picoband catalog A05414-1. Tested in ELISA, Flow Cytometry, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior q... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molekulargewicht         | Observed Molecular Weight: 110 kDa. Calculated Molecular Weight: 39411 MW                                                                                                                                                                                    |

|                        |                                                                                                                                                                                                                                                                                         |
