### Recombinant Mouse Palmitoyl-protein thioesterase 1 (Ppt1) BYT-ORB1785335

|                          |  |
|--------------------------|--|
| Artikelname              | Recombinant Mouse Palmitoyl-protein thioesterase 1 (Ppt1)  |
| Artikelnummer            | BYT-ORB1785335   |
| Hersteller Artikelnummer | orb1785335   |
| Alternativnummer         | BYT-ORB1785335-1,BYT-ORB1785335-100,BYT-ORB1785335-20  |
| Hersteller               | Biorbyt  |
| Kategorie                | Proteine/Peptide   |
| Produktbeschreibung      | This Recombinant Mouse Palmitoyl-protein thioesterase 1 (Ppt1) spans the amino acid sequence from region 28-306aa. Purity: Greater than 90% as determined by SDS-PAGE....  |
| Molekulargewicht         | 33.0 kDa   |
| UniProt                  | <a href="#">O88531</a>   |
| Puffer                   | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 5%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose, pH 8.0. |
| Quelle                   | Mus musculus (Mouse)   |
| Reinheit                 | Greater than 90% as determined by SDS-PAGE.  |
| Formulierung             | Liquid or Lyophilized powder   |

|                        |  |

| Anwendungsbeschreibung | Biological Origin: Mus musculus (Mouse). Application Notes: We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference |
