Product Datasheet

Human Collagen Type III protein, Unconjugated BYT-ORB750383

Artikelname	Human Collagen Type III protein, Unconjugated
Artikelnummer	BYT-ORB750383
Hersteller Artikelnummer	orb750383
Alternativnummer	BYT-ORB750383-500
Hersteller	Biorbyt
Kategorie	Proteine/Peptide
Applikation	ELISA, IHC, IP, SDS-PAGE, WB
Konjugation	Unconjugated
Produktbeschreibung	Human Collagen Type III protein...
Konzentration	1.0 mg/mL
NCBI	000081
UniProt	P02461
Puffer	Preservative: 0.01% (w/v) Sodium Azide. Stabilizer: None, Buffer: 0.5 M Acetic Acid
Quelle	Human

Reinheit	Human Collagen Type III has been prepared from human placenta and is chromatographically and immunologically pure. This product is free from other collagens, human serum proteins and non-collagen extracellular matrix proteins. This product reacts with Anti-Collagen Type III. Reaction with Anti-Collagen I, II, IV, V or VI is negligible (typically less than 1% cross reactivity was detected by ELISA).
Formulierung	Liquid (sterile filtered)
Target-Kategorie	COL3A1
Application Verdünnung	IF: 1:100-1:500, IP: 1:100-1:500, WB: 1:1000
Anwendungsbeschreibung	Biological Origin: Human. Application Notes: Human Collagen Type III purified protein standard is used as a control or standard in indirect trapping ELISA for quantitation of antigen using a standard curve, for immunoprecipitation, and for other immunological assays as optimized by the user. Specific conditions should be optimized by user. Collagen Type III is recognized by type specific anti-collagen antibodies that recognize a native three-dimensional structure
