| Artikelname              | RAB11B Rabbit Polyclonal Antibody, Unconjugated                                                                                                                                           |
| Artikelnummer            | BYT-ORB527035                                                                                                                                                                             |
| Hersteller Artikelnummer | orb527035                                                                                                                                                                                 |
| Alternativnummer         | BYT-ORB527035-100                                                                                                                                                                         |
| Hersteller               | Biorbyt                                                                                                                                                                                   |
| Wirt                     | Rabbit                                                                                                                                                                                    |
| Kategorie                | Antikörper                                                                                                                                                                                |
| Applikation              | FC, ICC, IHC, IHC-Fr, WB                                                                                                                                                                  |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                                                                                         |
| Immunogen                | A synthetic peptide corresponding to a sequence at the C-terminus of human RAB11B, which shares 97.4% and 100% amino acid (aa) sequence identity with mouse and rat RAB11B, respectively. |
| Konjugation              | Unconjugated                                                                                                                                                                              |
| Produktbeschreibung      | Anti-RAB11B Antibody. Tested in Flow Cytometry, IHC, IHC-F, ICC, WB applications. This antibody reacts with Human, Mouse, Rat....                                                         |
| Klonalität               | Polyclonal                                                                                                                                                                                |
| Konzentration            | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                 |
| Molekulargewicht         | 24 kDa                                                                                                                                                                                    |

|                        |                                                                                                                                                                                                                                 |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt                | <a href="#">Q15907</a>                                                                                                                                                                                                          |
| Puffer                 | Each vial contains 4mg Trehalose, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> .                                                                                                                |
| Formulierung           | Lyophilized                                                                                                                                                                                                                     |
| Target-Kategorie       | Ras-related protein Rab-11B                                                                                                                                                                                                     |
| Application Verdünnung | Western blot, 0.1-0.5µg/ml Immunohistochemistry (Paraffin-embedded Section), 0.5-1µg/ml Immunohistochemistry (Frozen Section), 0.5-1µg/ml Immunocytochemistry, 0.5-1µg/ml Flow Cytometry (Fixed), 1-3µg/1x10 <sup>6</sup> cells |
