### PLD3 Rabbit Polyclonal Antibody, Unconjugated BYT-ORB865556

|                          |                                                                                                                     |
|--------------------------|---------------------------------------------------------------------------------------------------------------------|
| Artikelname              | PLD3 Rabbit Polyclonal Antibody, Unconjugated                                                                       |
| Artikelnummer            | BYT-ORB865556                                                                                                       |
| Hersteller Artikelnummer | orb865556                                                                                                           |
| Alternativnummer         | BYT-ORB865556-100                                                                                                   |
| Hersteller               | Biorbyt                                                                                                             |
| Wirt                     | Rabbit                                                                                                              |
| Kategorie                | Antikörper                                                                                                          |
| Applikation              | ELISA, ICC, IF, IHC, WB                                                                                             |
| Spezies Reaktivität      | Human, Mouse, Rat                                                                                                   |
| Immunogen                | E.coli-derived human PLD3 recombinant protein (Position: M1-L490).                                                  |
| Konjugation              | Unconjugated                                                                                                        |
| Produktbeschreibung      | Anti-PLD3 Antibody. Tested in ELISA, IF, IHC, ICC, WB applications. This antibody reacts with Human, Mouse, Rat.... |
| Klonalität               | Polyclonal                                                                                                          |
| Konzentration            | 500 µg/ml                                                                                                           |
| Molekulargewicht         | 55 kDa                                                                                                              |
| UniProt                  | <a href="#">Q8IV08</a>                                                                                              |
| Puffer                   | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na <sub>2</sub> HPO <sub>4</sub> .                           |

|                        |                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Formulierung           | Lyophilized                                                                                                                                                                                                    |
| Target-Kategorie       | 5-3 exonuclease PLD3                                                                                                                                                                                           |
| Application Verdünnung | Western blot, 0.25-0.5 µg/ml, Mouse, Rat<br>Immunohistochemistry(Paraffin-embedded Section), 2-5 µg/ml,<br>Human, Mouse, Rat Immunocytochemistry/Immunofluorescence, 5<br>µg/ml, Human ELISA, 0.1-0.5 µg/ml, - |
