### ANGPTL4 Recombinant Protein ABI-32-1034

Artikelname	ANGPTL4 Recombinant Protein
Artikelnummer	ABI-32-1034
Hersteller Artikelnummer	32-1034
Alternativnummer	ABI-32-1034-10UG
Hersteller	Abeomics
Kategorie	Proteine/Peptide
Produktbeschreibung	Source : Escherichia Coli. The ANGPTL4 Human Recombinant is manufactured with N-terminal fusion of His Tag. The Angiotensin-like Protein 4 His -Tagged Fusion Protein is 25 kDa protein containing 204 amino acid residues of the Angiotensin-like Prote...
Reinheit	Greater than 95% as determined by SDS-PAGE.
Antibody Type	Recombinant Antibody
Application Verdünnung	Add 0.2 ml of 0.1M Acetate buffer pH4 and let the lyophilized pellet dissolve completely. For conversion into higher pH value, we recommend intensive dilution by relevant buffer to a concentration of 10g/ml. In higher concentrations the solubility of this
