Product Datasheet

Anti-Lassa Virus, Nucleoprotein (Clone LV-0030)- Purified No Carrier Protein, Clone: [LV-0030], Monoclonal ABI-12-8231

Artikelname	Anti-Lassa Virus, Nucleoprotein (Clone LV-0030)- Purified No Carrier Protein, Clone: [LV-0030], Monoclonal
Artikelnummer	ABI-12-8231
Hersteller Artikelnummer	12-8231
Alternativnummer	ABI-12-8231-250UG
Hersteller	Abeomics
Kategorie	Antikörper
Applikation	ELISA
Produktbeschreibung	Specificity: Anti-Lassa Virus (Clone LV-0030) is specific for the Nucleoprotein of Lassa Virus. Background: Lassa virus, a member of the Arenaviridae family, is a zoonotic pathogen primarily found in West Africa, particularly in regions such as Niger...
Klonalität	Monoclonal
Klon-Bezeichnung	[LV-0030]
Reinheit	Purity: 90% Preparation: This monoclonal antibody is purified by ion exchange chromatography.
Application Verdünnung	ELISA, Lateral Flow
