Product Datasheet

Anti-Lassa Virus, Nucleoprotein (Clone LV-0032)-Purified No Carrier Protein, Clone: [LV-0032], Mouse, Monoclonal ABI-12-8232

Artikelname	Anti-Lassa Virus, Nucleoprotein (Clone LV-0032)-Purified No Carrier Protein, Clone: [LV-0032], Mouse, Monoclonal
Artikelnummer	ABI-12-8232
Hersteller Artikelnummer	12-8232
Alternativnummer	ABI-12-8232-250UG
Hersteller	Abeomics
Wirt	Mouse
Kategorie	Antikörper
Applikation	ELISA
Klonalität	Monoclonal
Klon-Bezeichnung	[LV-0032]
Reinheit	Purity: 90% Preparation: This monoclonal antibody is purified by ion exchange chromatography.
Application Verdünnung	Specificity: Anti-Lassa Virus (Clone LV-0032) is specific for the Nucleoprotein of Lassa Virus. Background: Lassa virus, a member of the Arenaviridae family, is a zoonotic pathogen primarily found in West Africa, particularly in regions such as Nigeria, S
