Recombinant anti-human-IL-1 beta Antibody (Canakinumab Biosimilar), Human, Monoclonal ABI-12-9112

Artikelname	Recombinant anti-human-IL-1 beta Antibody (Canakinumab Biosimilar), Human, Monoclonal
Artikelnummer	ABI-12-9112
Hersteller Artikelnummer	12-9112
Alternativnummer	ABI-12-9112-100UG
Hersteller	Abeomics
Wirt	Human
Kategorie	Antikörper
Applikation	ELISA, FA, FACS, ICC
Spezies Reaktivität	Human
Produktbeschreibung	Target: IL-1 Beta Generic name: Canakinumab Product Origin: Recombinant in Human cells Canakinumab is a recombinant, human anti-human-IL-1- monoclonal antibody that belongs to the IgG1/- isotype subclass with a molecular mass of 145157 Daltons when d...
Klonalität	Monoclonal
NCBI	3553
UniProt	P01584
Reinheit	Purified from cell culture supernatant by affinity chromatography
Formulierung	Purified

Application Verdünnung

Specificity: Human IL1 beta. Does not cross react with other members of the interleukin-1 family. Inquire for more than 1 mg quantities.
