| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                          |
| Immunogen                | Peptide sequence around aa.719~723 (N-E-Y-M-D) derived from Human c-Kit.                                                                                                                                                                                       |
| Produktbeschreibung      | This is the receptor for stem cell factor (mast cell growth factor). It has a tyrosine-protein kinase activity. Binding of the ligands leads to the autophosphorylation of KIT and its association with substrates such as phosphatidylinositol 3-kinase (...) |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                     |
| NCBI                     | <a href="#">3815</a>                                                                                                                                                                                                                                           |
| UniProt                  | <a href="#">P10721</a>                                                                                                                                                                                                                                         |
| Formulierung             | Purified                                                                                                                                                                                                                                                       |

|                        |                                                     |
