| Alternativnummer         | ABI-35-1588-100UL                                                                                                                                                                                        |
| Hersteller               | Abeomics                                                                                                                                                                                                 |
| Wirt                     | Rabbit                                                                                                                                                                                                   |
| Kategorie                | Antikörper                                                                                                                                                                                               |
| Applikation              | IHC, WB                                                                                                                                                                                                  |
| Spezies Reaktivität      | Human                                                                                                                                                                                                    |
| Immunogen                | Peptide sequence around aa.301~305 (P-P-S-P-P) derived from Human HSF1.                                                                                                                                  |
| Produktbeschreibung      | DNA-binding protein that specifically binds heat shock promoter elements (HSE) and activates transcription. In higher eukaryotes, HSF is unable to bind to the HSE unless the cells are heat shocked.... |
| Klonalität               | Polyclonal                                                                                                                                                                                               |
| NCBI                     | <a href="#">3297</a>                                                                                                                                                                                     |
| UniProt                  | <a href="#">Q00613</a>                                                                                                                                                                                   |
| Formulierung             | Purified                                                                                                                                                                                                 |
| Target-Kategorie         | HSF1 (Ab-303)                                                                                                                                                                                            |

|                        |                                                                                         |
