| Immunogen                | Peptide sequence around aa.551~555 (S-Q-G-S-G) derived from Human CRY1.                                                                                                                                                                                       |
| Produktbeschreibung      | Blue light-dependent regulator of the circadian feedback loop. Inhibits CLOCK NPAS2-ARNTL E box-mediated transcription. Acts, in conjunction with CRY2, in maintaining period length and circadian rhythmicity. Has no photolyase activity. Capable of tra... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
