| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ELISA                                                                                                                                                                                                                                                         |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Purified human IgG                                                                                                                                                                                                                                            |
| Produktbeschreibung      | This MAb is specific to lambda light chain of immunoglobulin and shows no cross-reaction with lambda light chain or any of the five heavy chains. In mammals, the two light chains in an antibody are always identical, with only one type of light chain,... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [ICO-106]                                                                                                                                                                                                                                                     |
| UniProt                  | <a href="#">P01701</a>                                                                                                                                                                                                                                        |
| Reinheit                 | Affinity Chromatography                                                                                                                                                                                                                                       |

|                        |                                                              |
|------------------------|--------------------------------------------------------------|
| Formulierung           | Purified                                                     |
| Target-Kategorie       | Lambda Light Chain (B-Cell Marker)                           |
| Application Verdünnung | ELISA (For coating use Ab at 1-5ug/ml, order Ab without BSA) |
