| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant tyrosinase protein                                                                                                                                                                                                                                |
| Produktbeschreibung      | Recognizes a cluster of proteins between 70-80kDa, identified as tyrosinase. Occasionally a minor band at 55kDa is also detected. This MAb shows no cross-reaction with MAGE-1 and tyrosinase-related protein 1, TRP-1/gp75. Tyrosinase is a copper-contai... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
