| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | IHC                                                                                                                                                                                                                                                           |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Recombinant human FOLH1 protein fragment (around aa 232-433) (exact sequence is proprietary)                                                                                                                                                                  |
| Produktbeschreibung      | Folate hydrolase 1 (FOLH1), also known as Prostate-specific membrane antigen (PSMA), is a type II transmembrane glycoprotein belonging to the M28 peptidase family. FOLH1 has two enzymatic activities, one as a prostate-specific integral membrane folat... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [FOLH1/3149R]                                                                                                                                                                                                                                                 |
| NCBI                     | <a href="#">2346</a>                                                                                                                                                                                                                                          |

|                        |                                                                                                                                                                                                                                                |
