## Product Datasheet

### **[KO Validated] Peroxiredoxin 4 (PRDX4) Rabbit pAb, Unconjugated, Polyclonal ABB-A1486**

|                          |                                                                                                |

| Artikelname              | [KO Validated] Peroxiredoxin 4 (PRDX4) Rabbit pAb, Unconjugated, Polyclonal                    |
| Artikelnummer            | ABB-A1486                                                                                      |
| Hersteller Artikelnummer | A1486                                                                                          |
| Alternativnummer         | ABB-A1486-100UL, ABB-A1486-20UL                                                                |
| Hersteller               | ABclonal                                                                                       |
| Wirt                     | Rabbit                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | ELISA, WB                                                                                      |
| Spezies Reaktivität      | Human                                                                                          |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                                   |
| Klonalität               | Polyclonal                                                                                     |
| Molekulargewicht         | 31kDa                                                                                          |
| NCBI                     | <a href="#">10549</a>                                                                          |
| UniProt                  | <a href="#">Q13162</a>                                                                         |
| Reinheit                 | Affinity purification                                                                          |

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:500 - 1:2000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Cell Biology<br>Developmental Biology. Shipping: Ice Bag                                           |
