## Product Datasheet

### [KD Validated] MRPL11 Rabbit pAb, Unconjugated, Polyclonal ABB-A24775

|                          |                                                                                 |
|--------------------------|---------------------------------------------------------------------------------|
| Artikelname              | [KD Validated] MRPL11 Rabbit pAb, Unconjugated, Polyclonal                      |
| Artikelnummer            | ABB-A24775                                                                      |
| Hersteller Artikelnummer | A24775                                                                          |
| Alternativnummer         | ABB-A24775-20UL, ABB-A24775-100UL                                               |
| Hersteller               | ABclonal                                                                        |
| Wirt                     | Rabbit                                                                          |
| Kategorie                | Antikörper                                                                      |
| Applikation              | ELISA, IP, WB                                                                   |
| Spezies Reaktivität      | Human                                                                           |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                    |
| Klonalität               | Polyclonal                                                                      |
| Molekulargewicht         | 18kDa/19kDa/20kDa                                                               |
| NCBI                     | <a href="#">65003</a>                                                           |
| UniProt                  | <a href="#">Q9Y3B7</a>                                                          |
| Reinheit                 | Affinity purification                                                           |

|                        |                                                                                                                                                                                                                     |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:500 - 1:1000 IP,0.5µg-4µg antibody for 200µg-400µg extracts of whole cells ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements.   |
| Anwendungsbeschreibung | Cross-Reactivity: Human. ResearchArea: Epigenetics & Nuclear Signaling,RNA Binding,Cancer,Tumor suppressors,p53 pathway,Cell Biology & Developmental Biology,Cell Cycle,Cell cycle inhibitors.<br>Shipping: Ice Bag |
