## Product Datasheet

### ACP5 Rabbit mAb, Unconjugated, Monoclonal ABB-A27245

|                          |                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------|
| Artikelname              | ACP5 Rabbit mAb, Unconjugated, Monoclonal                                                      |
| Artikelnummer            | ABB-A27245                                                                                     |
| Hersteller Artikelnummer | A27245                                                                                         |
| Alternativnummer         | ABB-A27245-100UL, ABB-A27245-500UL, ABB-A27245-20UL, ABB-A27245-1000UL                         |
| Hersteller               | ABclonal                                                                                       |
| Wirt                     | Rabbit                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | ELISA, IF, IHC-P, WB                                                                           |
| Spezies Reaktivität      | Human                                                                                          |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive. |
| Konjugation              | Unconjugated                                                                                   |
| Klonalität               | Monoclonal                                                                                     |
| Molekulargewicht         | 37kDa                                                                                          |
| NCBI                     | <a href="#">54</a>                                                                             |
| UniProt                  | <a href="#">P13686</a>                                                                         |
| Reinheit                 | Affinity purification                                                                          |

|                        |                                                                                                                                                                                              |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | WB,1:1000 - 1:2000 IF-P,1:50 - 1:200 IHC-P,1:1000 - 1:3000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |
| Anwendungsbeschreibung | Cross-Reactivity: Human. ResearchArea: Cancer,Signal Transduction,Endocrine Metabolism,Stem Cells. Shipping: Ice Bag                                                                         |
