## Product Datasheet

### **PerCP/Cyanine5.5 Rabbit anti-Mouse CD11b mAb, PerCP/Cy5.5, Monoclonal ABB-A28273**

|                          |                                                                                                |
|--------------------------|------------------------------------------------------------------------------------------------|
| Artikelname              | PerCP/Cyanine5.5 Rabbit anti-Mouse CD11b mAb, PerCP/Cy5.5, Monoclonal                          |
| Artikelnummer            | ABB-A28273                                                                                     |
| Hersteller Artikelnummer | A28273                                                                                         |
| Alternativnummer         | ABB-A28273-25UG, ABB-A28273-100UG                                                              |
| Hersteller               | ABclonal                                                                                       |
| Wirt                     | Rabbit                                                                                         |
| Kategorie                | Antikörper                                                                                     |
| Applikation              | FC                                                                                             |
| Spezies Reaktivität      | Mouse                                                                                          |
| Immunogen                | Recombinant protein (or fragment).This information is considered to be commercially sensitive. |
| Konjugation              | PerCP/Cy5.5                                                                                    |
| Klonalität               | Monoclonal                                                                                     |
| Molekulargewicht         | 127 kDa                                                                                        |
| NCBI                     | <a href="#">16409</a>                                                                          |
| UniProt                  | <a href="#">P05555</a>                                                                         |
| Reinheit                 | Affinity purification                                                                          |

|                        |                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------|
| Application Verdünnung | FC,0.25 µg per million cells in 100 µl volume                                                                             |
| Anwendungsbeschreibung | Cross-Reactivity: Mouse. ResearchArea: Signal Transduction,Tags & Cell Markers,Neuroscience,Stem Cells. Shipping: Ice Bag |
