## Product Datasheet

### Phospho-p90Rsk/RSK1/RPS6KA1-T348 Rabbit pAb ABB-AP1397

|                          |                                                                                                                                                         |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Artikelname              | Phospho-p90Rsk/RSK1/RPS6KA1-T348 Rabbit pAb                                                                                                             |
| Artikelnummer            | ABB-AP1397                                                                                                                                              |
| Hersteller Artikelnummer | AP1397                                                                                                                                                  |
| Alternativnummer         | ABB-AP1397-100UL, ABB-AP1397-20UL                                                                                                                       |
| Hersteller               | ABclonal                                                                                                                                                |
| Wirt                     | Rabbit                                                                                                                                                  |
| Kategorie                | Antikörper                                                                                                                                              |
| Applikation              | ELISA, WB                                                                                                                                               |
| Spezies Reaktivität      | Human                                                                                                                                                   |
| Immunogen                | Synthetic peptide. This information is considered to be commercially sensitive.                                                                         |
| Molekulargewicht         | 83kDa                                                                                                                                                   |
| NCBI                     | <a href="#">6195</a>                                                                                                                                    |
| UniProt                  | <a href="#">Q15418</a>                                                                                                                                  |
| Reinheit                 | Affinity purification                                                                                                                                   |
| Application Verdünnung   | WB, 1:500 - 1:1000   ELISA, Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements. |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | <p>Cross-Reactivity: Human,Mouse,Rat. ResearchArea: Epigenetics<br/> Nuclear Signaling,Translation Control,Regulation of eIF4 and p70 S6<br/> Kinase,Protein phosphorylation,Signal Transduction,G protein<br/> signaling,G-Protein-Coupled Receptors Signaling to MAPK<br/> Erk,Kinase,Serine threonine kinases,mTOR Signaling Pathway,MAPK-<br/> Erk Signaling Pathway,Cell Biology Developmental<br/> Biology,Apoptosis,Mitochondrial Control of Apoptosis,Inhibition of<br/> Apoptosis,Cell Cycle,Cell Cycle Control-G2 M DNA Damage<br/> Checkpoint,Microtubules,Immunology Inflammation,NF-kB Signaling<br/> Pathway,Neuroscience. Shipping: Ice Bag</p> |
