| Artikelname              | Anti-HLA-G Purified, Clone: [MEM-G/9], Monoclonal                      |
| Artikelnummer            | EXB-11-292-C025                                                        |
| Hersteller Artikelnummer | 11-292-C025                                                            |
| Alternativnummer         | EXB-11-292-C025                                                        |
| Hersteller               | EXBIO                                                                  |
| Kategorie                | Antikörper                                                             |
| Applikation              | FC, IP, ELISA, ICC, IHC-Fr                                             |
| Spezies Reaktivität      | Human                                                                  |
| Immunogen                | Recombinant human HLA-G refolded with beta2-microglobulin and peptide. |
| Klonalität               | Monoclonal                                                             |
| Konzentration            | 1 mg/ml                                                                |
| Klon-Bezeichnung         | [MEM-G/9]                                                              |
| Isotyp                   | IgG1                                                                   |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide            |
| Lagerung                 | 2°C to 8°C                                                             |
| Antibody Type            | Monoclonal Antibody                                                    |

|                        |                                                                                                                                                                                                                                                        |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 1-4 µg/ml, positive control: JEG-3 human choriocarcinoma cell line. Immunocytochemistry: Recommended dilution: 2-5 µg/ml. ELISA: The antibody MEM-G/9 has been tested as the capture antibody in a sandwich ELIS |
