| Hersteller               | EXBIO                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | ICC, WB                                                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Mouse, Primate                                                                                                                                                                                                                                         |
| Immunogen                | Peptide corresponding to amino acids THPSMHRDGPPLLENAHSS of human Sos protein.                                                                                                                                                                                |
| Produktbeschreibung      | The guanine nucleotide exchange factor Sos (son-of-sevenless) is a complex multidomain protein that activates the small GTPase Ras (H-Ras, K-Ras, N-Ras, but not functionally distinct R-Ras) in response to receptor tyrosine kinase stimulation. Nucleot... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [SOS-01]                                                                                                                                                                                                                                                      |
| Isotyp                   | Mouse IgG1                                                                                                                                                                                                                                                    |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                                   |

|                        |                                                                                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| Lagerung               | 2°C to 8°C                                                                                                                     |
| Target-Kategorie       | SOS                                                                                                                            |
| Antibody Type          | Monoclonal Antibody                                                                                                            |
| Anwendungsbeschreibung | Western blotting: Recommended dilution: 1 µg/ml, positive control: HeLa human cervix carcinoma cell line, reducing conditions. |
