| Hersteller               | EXBIO                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC, IP, ELISA, ICC, WB                                                                                                                                                                                                                                        |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | CCR5 peptide (Met1-Lys22) KLH conjugate                                                                                                                                                                                                                       |
| Produktbeschreibung      | CD195 / CCR5 (also known as CKR-5) is a receptor for inflammatory CC-chemokines (characterized by a pair of adjacent cysteine residues), such as MIP-1 alpha, MIP-1 beta, or RANTES. It is a G protein-associated seven-pass transmembrane protein express... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 1 mg/ml                                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [T21/8]                                                                                                                                                                                                                                                       |
| Isotyp                   | IgG1, kappa                                                                                                                                                                                                                                                   |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                                   |
| Lagerung                 | 2°C to 8°C                                                                                                                                                                                                                                                    |

|                        |                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------|
| Antibody Type          | Monoclonal Antibody                                                                                           |
| Anwendungsbeschreibung | Western blotting: Do not boil cell lysates prior to SDS-PAGE. Flow cytometry: Recommended dilution: 1-4 µg/ml |
