| Immunogen                | Murine pre-B cells                                                                                                                                                                                                                                    |
| Konjugation              | PE                                                                                                                                                                                                                                                    |
| Produktbeschreibung      | CD16 (FcγRIII) is a 50-65 kDa glycoprotein serving as a low affinity IgG receptor. Unlike human, the murine protein is expressed only as a transmembrane isoform. Also CD32 (FcγRII) is a low affinity receptor for IgG, but its affinity is lower... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                            |
| Konzentration            | 0.5 mg/ml                                                                                                                                                                                                                                             |
| Klon-Bezeichnung         | 93                                                                                                                                                                                                                                                    |
| Isotyp                   | IgG2a, lambda                                                                                                                                                                                                                                         |
| Puffer                   | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                                                           |

|                        |                                                |
|------------------------|------------------------------------------------|
| Lagerung               | 2°C to 8°C                                     |
| Antibody Type          | Monoclonal Antibody                            |
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 2 µg/ml. |
