| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | human lysozyme                                                                                                                                                                                                                                                |
| Konjugation              | PE                                                                                                                                                                                                                                                            |
| Produktbeschreibung      | Lysozyme is anti-bacterial enzyme found mainly in milk, saliva, tears, plasma, spleen, mucus, and leukocytes (e.g. in cytoplasmic granules of neutrophils). It damages bacterial cell walls by hydrolysis of 1,4-beta-linkages between N-acetylmuramic aci... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Konzentration            | 0.1 mg/ml                                                                                                                                                                                                                                                     |
| Klon-Bezeichnung         | [LZ598-10G9]                                                                                                                                                                                                                                                  |
| Isotyp                   | Mouse IgG1                                                                                                                                                                                                                                                    |

|                        |                                                                          |
|------------------------|--------------------------------------------------------------------------|
| Puffer                 | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide  |
| Lagerung               | 2°C to 8°C                                                               |
| Target-Kategorie       | Lysozyme                                                                 |
| Antibody Type          | Monoclonal Antibody                                                      |
| Anwendungsbeschreibung | Flow cytometry: Recommended dilution: 1-5 µg/ml. Intracellular staining. |
