| Hersteller               | EXBIO                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | FC                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human                                                                                                                                                                                                                                                         |
| Immunogen                | Human thymocytes and T lymphocytes.                                                                                                                                                                                                                           |
| Konjugation              | PE-DyLight 594                                                                                                                                                                                                                                                |
| Produktbeschreibung      | CD3 complex is crucial in transducing antigen-recognition signals into the cytoplasm of T cells and in regulating the cell surface expression of the TCR complex. T cell activation through the antigen receptor (TCR) involves the cytoplasmic tails of t... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                    |
| Klon-Bezeichnung         | [MEM-57]                                                                                                                                                                                                                                                      |
| Isotyp                   | Mouse IgG2a kappa                                                                                                                                                                                                                                             |

|                        |                                                                                                                                                                                                                            |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Puffer                 | Stabilizing phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide                                                                                                                                                    |
| Lagerung               | 2°C to 8°C                                                                                                                                                                                                                 |
| Target-Kategorie       | CD3                                                                                                                                                                                                                        |
| Antibody Type          | Monoclonal Antibody                                                                                                                                                                                                        |
| Application Verdünnung | Flow cytometry: The reagent is designed for analysis of human blood cells using 4 µl reagent / 100 µl of whole blood or 10 <sup>6</sup> cells in a suspension. The content of a vial (0.4 ml) is sufficient for 100 tests. |
