| Hersteller               | MABTECH                                                                                                                                                                                                                                          |
| Wirt                     | Mouse                                                                                                                                                                                                                                            |
| Kategorie                | Antikörper                                                                                                                                                                                                                                       |
| Applikation              | ELISA, ELISpot, FluoroSpot                                                                                                                                                                                                                       |
| Spezies Reaktivität      | Human, Primate                                                                                                                                                                                                                                   |
| Konjugation              | Biotin                                                                                                                                                                                                                                           |
| Produktbeschreibung      | Monoclonal antibody specific for IL-8, The monoclonal antibody cross-reacts with IL-8 from non-human primates, cow and dog., We recommend 26E5 as detection antibody in human IL-8 ELISpot in combination with capture antibodies MT8H6/8F19.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                       |
| Klon-Bezeichnung         | [26E5]                                                                                                                                                                                                                                           |
| Isotyp                   | IgG2b                                                                                                                                                                                                                                            |
| NCBI                     | <a href="#">3576</a>                                                                                                                                                                                                                             |
| Target-Kategorie         | IL-8 (CXCL8)                                                                                                                                                                                                                                     |

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
