| Wirt                     | Mouse                                                                                                                                                                                                                                                                 |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | Human, Primate                                                                                                                                                                                                                                                        |
| Immunogen                | Rheumatoid synovial fluid cells and fibronectin purified human monocytes                                                                                                                                                                                              |
| Konjugation              | Unconjugated                                                                                                                                                                                                                                                          |
| Produktbeschreibung      | The clone 3.9 recognizes 150 kDa cell surface glycoprotein known as CD11c or Integrin $\alpha$ X. CD11c plays important role in the development of human dendritic cells (DCs) and is widely used to study the immune function of DCs along with staining of CD11b... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                                            |
| Klon-Bezeichnung         | [3.9]                                                                                                                                                                                                                                                                 |
| Isotyp                   | IgG1,k                                                                                                                                                                                                                                                                |
| NCBI                     | <a href="#">3687</a>                                                                                                                                                                                                                                                  |

|                  |                                                      |
