| Alternativnummer         | AGR-AS13-2634                                                                                                                                                                                                                                               |
| Hersteller               | Agrisera                                                                                                                                                                                                                                                    |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                      |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                  |
| Applikation              | WB                                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | A. thaliana                                                                                                                                                                                                                                                 |
| Immunogen                | KLH-conjugated synthetic peptide derived from Arabidopsis thaliana PYR1 sequence, UniProt: O49686, TAIR: At4g17870                                                                                                                                          |
| Produktbeschreibung      | PYR1 (Absciscic acid receptor RCAR11) is a member of PYR (pyrabactin resistance) family, which function as absciscic acid sensors. Alternative names: ABI1-binding protein 6, Protein PYRABACTIN RESISTANCE 1, Regulatory components of ABA receptor 11.... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                  |
| Molekulargewicht         | 21 kDa                                                                                                                                                                                                                                                      |
| NCBI                     | <a href="#">827510</a>                                                                                                                                                                                                                                      |
| Reinheit                 | Immunogen affinity purified serum in PBS pH 7.4.                                                                                                                                                                                                            |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Lyophilized                                   |
| Antibody Type          | Polyclonal Antibody                           |
| Application Verdünnung | 1 : 10 000 (WB)                               |
| Anwendungsbeschreibung | For reconstitution add 50 µl of sterile water |
