| Alternativnummer         | AGR-AS13-2758A                                                                                                                                                                                                                                                |
| Hersteller               | Agrisera                                                                                                                                                                                                                                                      |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                        |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                    |
| Applikation              | WB                                                                                                                                                                                                                                                            |
| Spezies Reaktivität      | A. thaliana                                                                                                                                                                                                                                                   |
| Immunogen                | recombinant LEA4-5 from Arabidopsis thaliana: UniProt: Q9FG31, TAIR: AT5G06760, a group 4 LEA protein (Battaglia et al., 2008)                                                                                                                                |
| Produktbeschreibung      | LEA (Late embryogenesis abundant) proteins are very hydrophilic proteins, described over 25 years ago as accumulating during late stages of plant seed development. Found in vegetative plant tissues following exposure to environmental stress. Synonyme... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                    |
| Molekulargewicht         | 16 kDa                                                                                                                                                                                                                                                        |
| NCBI                     | <a href="#">830565</a>                                                                                                                                                                                                                                        |

|                        |                                                  |
|------------------------|--------------------------------------------------|
| UniProt                | <a href="#">Q9FG31</a>                           |
| Reinheit               | Immunogen affinity purified serum in PBS pH 7.4. |
| Formulierung           | Lyophilized                                      |
| Antibody Type          | Polyclonal Antibody                              |
| Application Verdünnung | 1 : 1000 (WB)                                    |
| Anwendungsbeschreibung | For reconstitution add 50 µl of sterile water    |
