| Molekulargewicht         | 51   51 kDa                                                                                                                                                                                                                                                 |
| UniProt                  | <a href="#">B9K7M5</a>                                                                                                                                                                                                                                      |
| Reinheit                 | Serum                                                                                                                                                                                                                                                       |

|                        |                                               |
|------------------------|-----------------------------------------------|
| Formulierung           | Lyophilized                                   |
| Antibody Type          | Polyclonal Antibody                           |
| Application Verdünnung | 1 : 3000 (WB)                                 |
| Anwendungsbeschreibung | For reconstitution add 50 µl of sterile water |
