| Hersteller               | Agrisera                                                                                                                                                                                                                                                       |
| Wirt                     | Rabbit                                                                                                                                                                                                                                                         |
| Kategorie                | Antikörper                                                                                                                                                                                                                                                     |
| Applikation              | ELISA                                                                                                                                                                                                                                                          |
| Spezies Reaktivität      | Plant                                                                                                                                                                                                                                                          |
| Immunogen                | Ricin B chain isolated from Ricinus communis var. Impala, UniProt: P02879                                                                                                                                                                                      |
| Produktbeschreibung      | Ricin is a naturally occurring protein found in castor bean (Ricinus communis) acting as protein synthesis inhibitor. It is a toxin involved in plant defence. A chain of ricin can inactivate few thousands of ribosomes per minute. B chain facilitates t... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                     |
| Reinheit                 | Serum                                                                                                                                                                                                                                                          |
| Formulierung             | Lyophilized                                                                                                                                                                                                                                                    |
| Antibody Type            | Polyclonal Antibody                                                                                                                                                                                                                                            |

|                        |                                                                                      |
|------------------------|--------------------------------------------------------------------------------------|
| Application Verdünnung | 1: 10 000 (ELISA)                                                                    |
| Anwendungsbeschreibung | Antibody is recognizing active toxin complex containing both, ricin A and B subunits |
