| Hersteller Artikelnummer | AS18-4187                                                                                                                                                                                                                                   |
| Alternativnummer         | AGR-AS18-4187                                                                                                                                                                                                                               |
| Hersteller               | Agrisera                                                                                                                                                                                                                                    |
| Wirt                     | Mouse                                                                                                                                                                                                                                       |
| Kategorie                | Antikörper                                                                                                                                                                                                                                  |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                   |
| Immunogen                | GST tagged protein from Schistosoma japonicum.                                                                                                                                                                                              |
| Konjugation              | fitc                                                                                                                                                                                                                                        |
| Produktbeschreibung      | GST-tag (glutathione S-transferase) is a tag added to a protein of interest as a fusion protein to enable purification and detection. The tag is 220 amino acid long, ca. 26 kDa which makes it quite large compare to Myc or FLAG tags.... |
| Klonalität               | Monoclonal                                                                                                                                                                                                                                  |
| Molekulargewicht         | 26 kDa                                                                                                                                                                                                                                      |
| Isotyp                   | IgG1                                                                                                                                                                                                                                        |

|                        |                                                                                         |
|------------------------|-----------------------------------------------------------------------------------------|
| Reinheit               | Total IgG1. Protein G purified in PBS pH 7.4, with 50% glycerol and 0.09% sodium azide. |
| Formulierung           | Liquid                                                                                  |
| Antibody Type          | Monoclonal Antibody                                                                     |
| Application Verdünnung | 1 : 800 (ELISA), 1: 1000 (WB)                                                           |
| Anwendungsbeschreibung | For in vitro research use only                                                          |
