| Kategorie                | Antikörper                                                                                                                                                                                                                                                   |
| Applikation              | ELISA, WB                                                                                                                                                                                                                                                    |
| Spezies Reaktivität      | Plant                                                                                                                                                                                                                                                        |
| Immunogen                | Recombinant Cucurbita maxima L-ascorbate oxidase protein, amino acids: 31-579. UniProt: P24792                                                                                                                                                               |
| Produktbeschreibung      | L-ascorbate oxidase has oxidoreductase activity and belongs to multicopper oxidase family and is an apoplastic enzyme involved in metabolism of plant ascorbate (AA). Ascorbate (AA) plays a key role in defense against oxidative stress and is particul... |
| Klonalität               | Polyclonal                                                                                                                                                                                                                                                   |
| Molekulargewicht         | 65 kDa                                                                                                                                                                                                                                                       |
| UniProt                  | <a href="#">P24792</a>                                                                                                                                                                                                                                       |
| Reinheit                 | >95%, Protein G purified to a total immunoglobulin G fraction.                                                                                                                                                                                               |

|                        |                                                                             |
|------------------------|-----------------------------------------------------------------------------|
| Formulierung           | Liquid                                                                      |
| Antibody Type          | Polyclonal Antibody                                                         |
| Application Verdünnung | 1 : 1000 - 1: 5000 (WB)                                                     |
| Anwendungsbeschreibung | Reactivity of this antibody on endogenous material remains to be determined |
