Goat anti Human Ig lambda light chain (free and bound), conjugated with FITC, Clone: [Polyclonal], Monoclonal NMB-GAHU/BJL(SD+HD)/FITC

Article Name	Goat anti Human Ig lambda light chain (free and bound), conjugated with FITC, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-GAHU/BJL(SD+HD)/FITC
Supplier Catalog Number	GAHu/BJL(SD+HD)/FITC
Alternative Catalog Number	NMB-GAHU/BJL(SD+HD)/FITC
Manufacturer	NordicMubio
Host	Goat
Category	Antikörper
Conjugation	FITC
Product Description	The reactivity of the antiserum is directed to the surface and hidden determinants of Ig lambda light chain. In immunoelectrophoresis this antiserum is reacting with polyclonal and monoclonal immunoglobulins of the lambda type, Bence Jones proteins a...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
Buffer	Fluorochrome coupled purified goat IgG lyophilized from a solution in phosphate buffered saline (pH 7.2). No preservative added, as it may interfere with the antibody activity It is reconstituted by adding 1 ml sterile distilled water, spun down to remove

Source	A pool of purified Bence Jones lambda proteins isolated from human urine. Freund's complete adjuvant is used in the first step of the immunization procedure.
Form	FITC
Formula	Fluorochrome coupled purified goat IgG lyophilized from a solution in phosphate buffered saline (pH 7.2). No preservative added, as it may interfere with the antibody activity
Application Notes	ELISA, Immunocytochemistry, Immunohistochemistry (frozen), (In)direct immunofluorescence.
