## Product Datasheet

### **Rabbit anti Dog albumin, conjugated with FITC, Clone: [Polyclonal], Monoclonal NMB-RAD/ALB/FITC**

Article Name	Rabbit anti Dog albumin, conjugated with FITC, Clone: [Polyclonal], Monoclonal
Biozol Catalog Number	NMB-RAD/ALB/FITC
Supplier Catalog Number	RAD/Alb/FITC
Alternative Catalog Number	NMB-RAD/ALB/FITC
Manufacturer	NordicMubio
Host	Rabbit
Category	Antikörper
Conjugation	FITC
Product Description	The defined antibody specificity is directed to albumin as tested against dog sera. In immunoelectrophoresis and double radial immunodiffusion (Ouchterlony), using various antiserum concentrations against appropriate concentrations of the immunogen, ...
Clonality	Monoclonal
Clone Designation	[Polyclonal]
Buffer	Purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added. It is reconstituted by adding 1 ml sterile distilled water, spun down to remove insoluble particles, divided into small aliquots

Source	Albumin is a stable small polypeptide with a strong antigenicity. Its molecular weight is about 69,000. It has a high mobility in electrophoresis, shows macro-heterogeneity especially under pathological conditions and it can bind a large number of physiol
Form	FITC
Formula	Purified hyperimmune rabbit IgG lyophilized from a solution in phosphate buffered saline (PBS, pH 7.2). No preservative added.
Application Notes	ELISA, Immunocytochemistry, Immunohistochemistry (frozen), (In)direct immunofluorescence.
