| Manufacturer               | Enzo Life Sciences                                                                                          |
| Category                   | Biochemikalien                                                                                              |
| Product Description        | Selective inhibitor of inducible nitric oxide synthase (iNOS, NOS II). Shows anti-inflammatory activity.... |
| Molecular Weight           | 187.2 . 73.0                                                                                                |
| Purity                     | 97% (TLC)                                                                                                   |
| CAS Number                 | [159190-45-1]                                                                                               |
| Formula                    | C8H17N3O2 . 2HCl                                                                                            |
| Target                     | iNOS                                                                                                        |
