| Alternative Catalog Number | ENZ-ALX-746-003-C100-100                                                                                                                                                          |
| Manufacturer               | Enzo Life Sciences                                                                                                                                                                |
| Category                   | Sonstiges                                                                                                                                                                         |
| Product Description        | CpG oligodeoxynucleotide (Type A) optimized for NK cell activation with mixed phosphodiester/phosphorothioate backbone. Specific ligand for mouse TLR9 (Toll-like receptor 9).... |
| Molecular Weight           | 6643 (ammonium salt)                                                                                                                                                              |
| Source                     | Synthetic.                                                                                                                                                                        |
| Form                       | Lyophilized. Sterile.                                                                                                                                                             |
| Sequence                   | 5-tccatgacgttcctgacgtt-3 (lower case letters indicate phosphorothioate linkage).                                                                                                  |
| Target                     | TLR9                                                                                                                                                                              |
