| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | IFNGR2 is the non-ligand-binding beta chain of the gamma interferon receptor. Human interferon-gamma receptor is a heterodimer of IFNGR1 and IFNGR2. Defects in IFNGR2 are a cause of mendelian susceptibility to mycobacterial disease (MSMD), also known... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [RB22101]                                                                                                                                                                                                                                                     |

|               |                                                                                                                                                                              |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification. |
| Target        | This IFNGR2 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 308-337 amino acids from the C-terminal region of human IFNGR2.     |
| Antibody Type | Polyclonal Antibody                                                                                                                                                          |
