| Manufacturer               | Enzo Life Sciences                                                                                                       |
| Category                   | Proteine/Peptide                                                                                                         |
| Product Description        | Thy-1 (mouse):Fc (human), (recombinant)...                                                                               |
| Molecular Weight           | ~48kDa (SDS-PAGE)                                                                                                        |
| UniProt                    | <a href="#">P01831</a>                                                                                                   |
| Source                     | Produced in HEK 293 cells. The extracellular domain of mouse Thy-1 (aa 20-131) is fused to the Fc portion of human IgG1. |
| Purity                     | 90% (SDS-PAGE)                                                                                                           |
| Form                       | Lyophilized. Contains PBS.                                                                                               |
| Target                     | Thy                                                                                                                      |
