| Host                       | Mouse                                                                                             |
| Category                   | Antikörper                                                                                        |
| Application                | ELISA, IHC                                                                                        |
| Species Reactivity         | Human                                                                                             |
| Immunogen                  | Synthetic human peptide histidine-methionine.                                                     |
| Product Description        | Peptide Histidine-Methionine (human) monoclonal antibody (3)...                                   |
| Clonality                  | Monoclonal                                                                                        |
| Isotype                    | IgG2a                                                                                             |
| UniProt                    | <a href="#">P01282</a>                                                                            |
| Source                     | From culture supernatant.                                                                         |
| Purity                     | Protein A/G-purified.                                                                             |
| Form                       | Liquid. In 0.01M phosphate buffer, pH 7.4, containing 0.5M sodium chloride and 15mM sodium azide. |
| Target                     | Vasoactive intestinal (poly)peptide                                                               |
