| Alternative Catalog Number | ENZ-BPD-ABS-030-06-04-400                                                                         |
| Manufacturer               | Enzo Life Sciences                                                                                |
| Host                       | Mouse                                                                                             |
| Category                   | Antikörper                                                                                        |
| Application                | ELISA                                                                                             |
| Species Reactivity         | Human                                                                                             |
| Immunogen                  | Synthetic human Pancreatic Polypeptide.                                                           |
| Product Description        | Pancreatic polypeptide (human) monoclonal antibody (6)...                                         |
| Clonality                  | Monoclonal                                                                                        |
| UniProt                    | <a href="#">P01298</a>                                                                            |
| Purity                     | Protein A/G-affinity purified.                                                                    |
| Form                       | Liquid. In 0.01M phosphate buffer, pH 7.4, containing 0.5M sodium chloride and 15mM sodium azide. |
| Target                     | Pancreatic polypeptide                                                                            |
| Application Notes          | Detects a band of ~4kDa by Western blot.                                                          |
