| Manufacturer               | Enzo Life Sciences                                                                                |
| Host                       | Mouse                                                                                             |
| Category                   | Antikörper                                                                                        |
| Application                | ELISA, IAC, IP                                                                                    |
| Species Reactivity         | Human                                                                                             |
| Immunogen                  | Complement component 3 (C3) purified from human plasma.                                           |
| Product Description        | Complement component C3 (human) monoclonal antibody (F1-8)...                                     |
| Clonality                  | Monoclonal                                                                                        |
| Clone Designation          | [F1-8]                                                                                            |
| UniProt                    | <a href="#">P01024</a>                                                                            |
| Source                     | From culture supernatant.                                                                         |
| Purity                     | Protein A/G-purified.                                                                             |
| Form                       | Liquid. In 0.01M phosphate buffer, pH 7.4, containing 0.5M sodium chloride and 15mM sodium azide. |
| Target                     | Complement                                                                                        |
