### [pSer139]Histone H2AX monoclonal antibody (9F3) ENZ-ENZ-ABS662-0050

|                            |                                                                                              |
|----------------------------|----------------------------------------------------------------------------------------------|
| Article Name               | [pSer139]Histone H2AX monoclonal antibody (9F3)                                              |
| Biozol Catalog Number      | ENZ-ENZ-ABS662-0050                                                                          |
| Supplier Catalog Number    | ENZ-ABS662-0050                                                                              |
| Alternative Catalog Number | ENZ-ENZ-ABS662-0050-50                                                                       |
| Manufacturer               | Enzo Life Sciences                                                                           |
| Host                       | Mouse                                                                                        |
| Category                   | Antikörper                                                                                   |
| Application                | WB                                                                                           |
| Species Reactivity         | Canine, Mouse, Rat, Monkey, Bovine, Hamster, Guinea pig, Porcine, Human, Rabbit, Gallus      |
| Immunogen                  | Synthetic peptide corresponding to a portion of human Histone H2AX phosphorylated at Ser139. |
| Product Description        | [pSer139]Histone H2AX monoclonal antibody (9F3)...                                           |
| Clonality                  | Monoclonal                                                                                   |
| Clone Designation          | [9F3]                                                                                        |
| UniProt                    | <a href="#">P16104</a>                                                                       |
| Source                     | Purified from hybridoma tissue culture supernatant.                                          |
| Purity                     | Protein G affinity purified.                                                                 |

|        |                                                                         |
|--------|-------------------------------------------------------------------------|
| Form   | Liquid. In PBS, pH 7.2, containing 50% glycerol and 0.09% sodium azide. |
| Target | Histone                                                                 |
