| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Sezary cells                                                                                                                                                                                                                                                  |
| Product Description        | Recognizes a protein of a disulfide-linked 120kDa dimer, identified as CD27 (Workshop VI, Code 6T-028). CD27 is expressed on the majority of peripheral T cells, medullary thymocytes, memory-type B cells, and natural killer cells. It is a transmembran... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [203.6]                                                                                                                                                                                                                                                       |
| Molecular Weight           | 120kDa                                                                                                                                                                                                                                                        |
| Isotype                    | IgG3                                                                                                                                                                                                                                                          |

|                   |                                                                                                                                                                              |
