| Article Name               | Ataxin 1 Antibody Biotin, IgG2b, Clone: [S76-8], Mouse, Monoclonal                                                                              |
| Biozol Catalog Number      | ROC-200-306-W69                                                                                                                                 |
| Supplier Catalog Number    | 200-306-W69                                                                                                                                     |
| Alternative Catalog Number | ROC-200-306-W69                                                                                                                                 |
| Manufacturer               | Rockland Immunochemicals                                                                                                                        |
| Host                       | Mouse                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                      |
| Application                | IHC, IP, WB                                                                                                                                     |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                               |
| Immunogen                  | Anti-Ataxin 1 Antibody was produced by repeated immunization of mice with a synthetic peptide containing amino acids 164-197 of mouse Ataxin 1. |
| Conjugation                | Biotin                                                                                                                                          |
| Clonality                  | Monoclonal                                                                                                                                      |
| Concentration              | 1mg/mL by UV absorbance at 280 nm                                                                                                               |
| Clone Designation          | [S76-8]                                                                                                                                         |
| Isotype                    | IgG2b                                                                                                                                           |
| NCBI                       | <a href="#">20238</a>                                                                                                                           |
| UniProt                    | <a href="#">P54254</a>                                                                                                                          |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                                                                                                     |
| Form               | Liquid (sterile filtered)                                                                                                                                                                                                                                      |
| Target             | Mouse                                                                                                                                                                                                                                                          |
| Antibody Type      | Primary Antibody                                                                                                                                                                                                                                               |
| Application Dilute | ELISA: 1:10,000, IHC: User Optimized, IP: User Optimized, WB: 1:1000                                                                                                                                                                                           |
| Application Notes  | Anti-Ataxin 1 Biotin Conjugated Antibody is tested for Western Blots, Immunohistochemistry and Immunoprecipitation. Expect a band approximately ~85 kDa on specific lysates or tissues. Specific conditions for reactivity should be optimized by the end user |
