| Category                   | Antikörper                                                                                                                                                                        |
| Application                | ELISA, IP, WB                                                                                                                                                                     |
| Species Reactivity         | Mouse                                                                                                                                                                             |
| Immunogen                  | Anti-Bach2 antibody was prepared from whole rabbit serum produced by repeated immunizations with a synthetic peptide corresponding to the n-terminus region of the Bach2 protein. |
| Conjugation                | Unconjugated                                                                                                                                                                      |
| Clonality                  | Polyclonal                                                                                                                                                                        |
| Concentration              | 1.01mg/ml by UV absorbance at 280 nm                                                                                                                                              |

| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                                                                                                        |
| Form                       | Liquid (sterile filtered)                                                                                                                                                         |

|                    |                                                                                                                                                                                                                                                                |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Mouse                                                                                                                                                                                                                                                          |
| Antibody Type      | Primary Antibody                                                                                                                                                                                                                                               |
| Application Dilute | ELISA: 1:5000, IP: 1 µg/mL, WB: 1 µg/mL                                                                                                                                                                                                                        |
| Application Notes  | Affinity purified Bach-2 antibody has been tested for use in ELISA, Immunoprecipitation, and western blot. Specific conditions for reactivity should be optimized by the end user. Expect a band approximately 91-140 kDa in size corresponding to Bach2 prote |
