## Product Datasheet

### **Rabbit IgG anti-Horse IgG (Fc)-unconj., MinX none ROC-608-4103**

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Article Name               | Rabbit IgG anti-Horse IgG (Fc)-unconj., MinX none          |
| Biozol Catalog Number      | ROC-608-4103                                               |
| Supplier Catalog Number    | 608-4103                                                   |
| Alternative Catalog Number | ROC-608-4103                                               |
| Manufacturer               | Rockland Immunochemicals                                   |
| Host                       | Rabbit                                                     |
| Category                   | Antikörper                                                 |
| Application                | ELISA,IHC,WB                                               |
| Species Reactivity         | Equine                                                     |
| Immunogen                  | Horse IgG F(c) fragment                                    |
| Conjugation                | Unconjugated                                               |
| Format                     | IgG                                                        |
| Target Specificity         | IgG (Fc)                                                   |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                        |
| Clonality                  | Polyclonal                                                 |
| Concentration              | 2.2 mg/mL by UV absorbance at 280 nm                       |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Liquid (sterile filtered)                                  |

|                    |                                                                                                                                                       |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Horse                                                                                                                                                 |
| Antibody Type      | Secondary Antibody                                                                                                                                    |
| Application Dilute | ELISA: 1:2,000,000, IHC: 1:1,000 - 1:5,000, WB: 1:2,000 - 1:10,000                                                                                    |
| Application Notes  | Anti-Horse IgG F(c) antibody is suitable for ELISA, western blot, and immunohistochemistry, as well as other assays requiring lot-to-lot consistency. |
